SUMMARY

As a MERN stack developer, I have the skills to work with Mobile applications' front-end and back-end. I can build dynamic user interfaces using React on the front end, and work with Node.js and Express to develop the server-side logic for your application. I can also work with MongoDB to create and manage the database for your application.

EXPERIENCE

- **ERAFLIP TECH ARFA SOFTWARE IT PARK** • Mern Stack Developer "EraFlip Tech Software Company"
